Project

Description

Events recalling the liberation by the US armed forces are held annually in memory of the victims of the Nazi concentration camp Mauthausen and its sub-camps. Representatives of almost all European countries participated at the memorial event on 6 May 2018. Also attending the event were the working groups of Austria's victims' organizations and resistance fighters with their members and regional associations. This year too, the delegation was headed by members of the working group who commemorated women and men of the Austrian Resistance, murdered Jews, Roma and Sinti as well as all who were persecuted by the Nazi regime on grounds of religion or any other grounds. Attendees included victims with their companions, young people (school children, students), family members of former victims of Nazi persecution as well as teachers and apprentices.
