

Volume 7 of the Decisions of the Arbitration Panel for In Rem Restitution

Volume 7 contains 15 decisions in which applications were subjected to a substantive examination. In contrast to the previous volumes, this volume contains an anomalous decision on a formal application, where a fundamental question on the matter of "publicly-owned property" is discussed for the first time. In the decisions published in volume 7 the Arbitration Panel examined properties situated in the provinces of Vienna and Carinthia. Two of these decisions recommend *in rem* restitution (no.533/2009 and no. 550/2009).
